GEORGE BILLIS GALLERY

Santiago Medina

November 6 - December 8, 2018

Blue Elegance, High Polished Stainless Steel, 19.5x5x5"

George Billis Gallery is pleased to announce Santiago Medina and his latest high polished Italian stainless steel work at the New York location. This exhibition will run from November 6 through December 8, 2018. The opening reception will be held at the George Billis Gallery located at 525 West 26th Street between 10th and 11th avenues on Thursday, November 8, from 6-8pm.

Master sculptor Santiago Medina's Tuscany inspired Italian stainless steel masterpiece sculptures are at marquee public art venues such as Harvard, Stanford, Tufts and Washington University among many others. He is the only Colombian-American sculptor to have a permanent monumental sculpture at Harvard University. His avant-guard sculptures have been displayed at major worldwide art fairs such as at Art Basel Week Miami, Wynwood Art Fair, Houston Art Fair, Palm Beach International Art Fair and Arte America.

Medina summarizes his artistic passion as "I bring inert stainless steel to life by creating timeless masterpieces full of light and movement for art lovers". Also an accomplished physician with brain imaging expertise, Medina distinctively uses advanced medical imaging technology such as Computerized Tomography (CT) and Magnetic Resonance Imaging (MRI) to scan his sculptures and subsequently enhance their volumetric appeal and sculptoric form. Therefore, Medina brings powerful artistic expression, technological sophistication and physician sensitivity to his beautiful artwork. This uniqueness allows him to create vibrant masterpiece that will transcend generations.

The George Billis Gallery marks its 22nd year in the Chelsea Art district and its sister gallery is located in the burgeoning gallery district of Culver City in Los Angeles. For more information, please contact the gallery via e-mail at galler@georgebillis.com or visit our website at www.georgebillis.com
